

ONENESS-HOME PEACE RUN

by Narada Michael Walden, Sutunga Austin, and Jeffrey Cohen

VERSE: Night and day I dream what this world could be
If everybody pulled together
It's not enough to say "No more war today"
Make a peace that lasts forever

Come my sister, come my brother
Light the flame that burns within our soul
All around the world we're singing

CHORUS: Oneness-Home Peace Run, running for peace
Oneness-Home Peace Run, all around the world
Oneness-Home Peace Run, running for peace
Oneness-Home Peace Run

VERSE: I won't be complete till you join hands with me
And every nation stands together
We are all you see, one big family
Pass the light of love to one another

Drink the rain of God's Compassion
Only then will we succeed
Lift every voice and sing for all humanity

CHORUS

BRIDGE: If you give yourself to your greater heart
The power gets released
Everyone can tell there's a way to start
To take a step towards peace, peace

CHORUS
