Dear Ms. Hein,

I acknowledge with thanks your transmittal of the first two issues of Oneness-Arrival-Shore.

I have reviewed the copies with great interest, as I am always eager to see "good news" about the UN Organization, as I am sure all of us are.

Many thanks for your kind thoughts.

Yours sincerely,

I am so delighted to see that there are still some people who have optimism and vision. Nowadays it is almost fashionable to be pessimistic. One has to apologize for any statements of hope made. When Robert Muller was here he was an incarnation of enthusiasm and optimism. Since he left I haven't seen anyone like him in years - until this publication.
