**Enclosed is a new flier for Seven Minutes of World Peace. Before making photocopies (on the colored paper of your choice), please fill in the local information in the space provided. Please be sure to include the local time of the observance in your time zone as well as contact information so that those who participate can inform your Centre. If you plan a group observance, the location could also be indicated.**

**For example:                    1 p.m. to 1:07 p.m.  
                                      State Capitol Building  
                                      Providence, Rhode Island  
                                      Contact: [Name, telephone and/or address]**

**We would be grateful if you could invite interested individuals and groups in your area whom you feel may be receptive to this project to either attend your Centre's observance or to hold their own separate observances of Seven Minutes of World Peace.**
